

FOR IMMEDIATE RELEASE

Charleston's Woomer Nistendirk Named One of the Nation's Best Accounting Firms to Work For

Recognition comes as the accounting profession faces its eighth straight year of declining graduates

Charleston, WV — Sept. 11, 2026 — Woomer Nistendirk Associates, an accounting and advisory firm serving businesses and individuals in West Virginia and throughout the U.S., has been named one of the Top 100 **Best Accounting Firms to Work For** by **Accounting Today** (ranked 31st among firms with fewer than 50 employees). The annual recognition honors accounting firms that demonstrate an exceptional workplace culture.

"This recognition is a reflection of the value we have in our people. We have intentionally built a workplace where people can grow their careers, contribute meaningful ideas, and do work they are proud of," said Robert Nistendirk, the firm's co-founder. "We believe in developing people over demanding outcomes, and I think that is the secret to our success."

Nationally, accounting degree completions have declined for eight consecutive years, and the profession lost more than 300,000 professionals between 2020 and 2024, according to AICPA data. While the industry overall is losing the talent war, Woomer Nistendirk is working hard to build a brand and culture to attract the industry's top talent.

Woomer Nistendirk was recognized for its commitment to overall employee well-being, including: access to training, continuing education and professional development, use of technology needed to succeed, excellent compensation and benefits, and a great work environment. The firm's culture is grounded in service, community partnerships, and helping their employees build rewarding careers while delivering service excellence to their clients.

"I am glad to be a part of something bigger—I feel valued as a person, and not just a number (although we value numbers too—it's our job)," said Mallory Middleton, Staff Accountant. "Being valued strengthens me, our team, and ultimately enables us to better serve our clients."

The recognition comes as Woomer Nistendirk continues to serve and advise clients across the state and beyond. The firm is currently seeking seasoned accounting professionals as well as recent graduates to accommodate growth and complement their desire to serve.
